

MyLabConnect Training

30 Minute Online Training | Multiple Sessions Offered

This online training course is designed to equip dental professionals with the knowledge and skills needed to fully utilize the MyLab Connect platform, enhancing efficiency and collaboration with your dental lab. Through this course, you will learn how to navigate and maximize the features of MyOfficeConnect for effective case management, seamless submissions, and streamlined communication, ensuring a more efficient and cohesive workflow.

Upon completion of this course, attendees will be able to:

- Navigate and utilize the MyOfficeConnect and MyLabConnect platforms for effective case management.
- Submit cases using SmartRx and manage submissions via the mobile app.
- Track case status, transitions, and communicate with the lab efficiently.
- Schedule pickups, manage due dates, and track case progress.
- Understand access levels for Practice Managers vs. Individual Dentists.
- Reconcile invoices and track financial transactions.
- Utilize secured file transfers for secure communication with the lab.
- Interpret case ratings, lab performance, and gain insights from spend analytics.
- Generate and analyze reports to optimize case management and lab operations.
