any regulatory authority or AGD endorsement
1/1/2025 to 12/31/2026

Ryan Napolitano
Director, Implant,
Surgical & Digital
Removable Products

After graduating The University of Connecticut with a degree in Communication Sciences, Ryan began working full time at Precision Craft Dental Lab. Ryan has worked in all facets of dental technology, both analog and digital. As time passed, Ryan focused his efforts on integrating new technologies and techniques into the business, while focusing his daily efforts on quality control.

Ryan is Pankey trained, has attended hundreds of hours of CE, is a member of several Seattle Study Clubs, and has been a mentor speaker for several major implant companies over the years. He has been admitted to the American College of Prosthodontists as an Allied member, and sits on the board of Dental Lifeline, one of the largest dental charity organizations in the USA.

In his free time, Ryan is a licensed captain in the Merchant Marine, and spends time on the water relaxing with his young family or chasing fish up and down the New England coast.
